THIRD QUARTERLY RESULTS ANNOUNCEMENT FOR THE NINE MONTHS ENDED 31 DECEMBER 2017

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

This announcement, for which the directors (the “Directors”) of Noble Engineering Group Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

No dividends have been proposed or paid by the Company or any of its subsidiaries during the nine months ended 31 December 2017 (nine months ended 31 December 2016: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

Development of business and prospects

The Group performs wet trades works as a subcontractor in Hong Kong.

For the nine months ended 31 December 2017, the Group recorded a net profit of approximately HK\$8.2 million as compared to a net profit of approximately HK\$9.2 million for the same period in 2016. The Directors are of the view that the decrease of net profit was primarily due to the non-recurring listing expenses of approximately HK\$13.6 million (nine months ended 31 December 2016: HK\$4.7 million) incurred for the nine months ended 31 December 2017. Setting aside the listing expenses, the Group's net profit for the nine months ended 31 December 2017 would be approximately HK\$21.8 million (nine months ended 31 December 2016: HK\$13.9 million) while the increase was primarily driven by the increase in revenue and reversal of provision for impairment of trade receivables of approximately HK\$5.1 million for the nine months ended 31 December 2017 (nine months ended 31 December 2016: Nil). In view of the fact that there has been an increasing number of project quotation invitations received by the Group from potential and current customers, and that the net proceeds from the share offer are expected to allow expansion of the Group's operational capacity, the Directors are cautiously optimistic about the Group's business outlook.

Outlook

The Shares were listed on GEM on 29 September 2017 (the "**Listing Date**") by way of share offer (the "**Share Offer**"). The Group always strives to improve our operation efficiency and profitability of our business. The Group plans to expand our fleet of machinery and equipment, which will enhance the basis of our technical capability to bid for future projects. The Group will also proactively seek opportunities to expand our customer base and our market share and undertake more wet trades projects which will enhance value to our shareholders.

The net proceeds from the Share Offer will thereby provide financial resources to the Group to meet and achieve our business objectives and strategies which will further strengthen the Group's market position in wet trades works services.

Financial review

Revenue

For the nine months ended 31 December 2017, the Group's revenue amounted to approximately HK\$303.1 million, which increased by 40.3% as compared to the same period in 2016. The increase in revenue was mainly due to increased amounts of contracts awarded during the period in 2017.

Gross profit margin

Our gross profit increased by approximately HK\$9.1 million or 40.3%, from approximately HK\$22.6 million for the nine months ended 31 December 2016 to approximately HK\$31.7 million for the nine months ended 31 December 2017. The increase in the Group's gross profit was primarily due to the

increase in our revenue. The Group's gross profit margin remained stable at 10.4% for the nine months ended 31 December 2016 and 2017.

Other income and gain

Other income and gain increased by approximately HK\$5.4 million from approximately HK\$16,000 for the nine months ended 31 December 2016 to approximately HK\$5.4 million for the nine months ended 31 December 2017. The increase was mainly due to the increase in bank interest income and reversal of provision for impairment of trade receivables.

Administrative and other operating expenses

Administrative and other operating expenses increased by approximately HK\$13.7 million or 128.8% from approximately HK\$10.6 million for the nine months ended 31 December 2016 to approximately HK\$24.3 million for the nine months ended 31 December 2017. The increase was mainly due to non-recurring listing expenses of approximately HK\$13.6 million (nine months ended 31 December 2016: HK\$4.7 million) incurred for the nine months ended 31 December 2017.

Listing expenses

During the nine months ended 31 December 2017, the Group recognised non-recurring listing expenses under accrual basis of approximately HK\$13.6 million (nine months ended 31 December 2016: HK\$4.7 million), as expenses in connection with the Listing on GEM.

Finance costs

Finance costs increased by 313.5% to approximately HK\$215,000 for the nine months ended 31 December 2017 from approximately HK\$52,000 for the same period in 2016, which was mainly due to increase in bank overdrafts interest for the nine months ended 31 December 2017.

Setting aside the listing expenses, the Group's net profit for the nine months ended 31 December 2017 would be approximately HK\$21.8 million (nine months ended 31 December 2016: HK\$13.9 million).
