Through the Reorganisation, the Company became the holding company of the companies now comprising the Group on 6 September 2017. Accordingly, for the purpose of the preparation of the unaudited condensed consolidated financial statements of the Group, the Company has been considered as the holding company of the companies comprising the Group after the Reorganisation throughout the periods presented. The Group comprising the Company and its subsidiaries resulting from the Reorganisation is regarded as a continuing entity. The Group was under the control of Mr. Tse Chun Yuen and Mr. Tse Chun Kuen prior to and after the Reorganisation.

The unaudited condensed consolidated financial statements have been prepared as if the Company had been the holding company of the Group throughout the periods presented in accordance with Accounting Guideline 5 "*Merger Accounting for Common Control Combinations*" issued by the Hong Kong Institute of Certified Public Accountants. The condensed consolidated financial statements have been prepared on the historical cost basis.

The accounting policies and methods of computation used in the quarterly financial information for the three months ended 30 June 2019 are the same as those followed in the preparation of the consolidated financial statements of the Group for the year ended 31 March 2019.

The HKICPA has issued certain new and revised HKFRSs. For those which are effective for accounting periods beginning on or after 1 January 2019, the adoption has no material impact on how the results and financial positions of the Group for the current and prior periods have been prepared and presented. For those which are not yet effective and have not been early adopted in prior accounting periods, the Group is in the process of assessing their impact on the Group’s results and financial position.

## Management Discussion and Analysis

### Development of business and prospects

The Group performs wet trades works as a subcontractor in Hong Kong.

For the three months ended 30 June 2019, the Group recorded a net profit of approximately HK\$2.1 million as compared to a net profit of approximately HK\$6.9 million for the same period in 2018. The Directors are of the view that the decrease of net profit was mainly attributable to the decrease in revenue for the three months ended 30 June 2019.

In light of the core difficulties in the wet trades industry, the Group intends to implement a more prudent approach in project selection in the upcoming year; that is to say, the Group will selectively place tenders to well-established contractors and well-known business partners to ensure projects on hand remain steady and receivables are sound.

The Group will continue to improve our operating efficiency and profitability of our business and plan to expand our fleet of machinery and equipment, which will enhance the basis of our technical capability to bid for future projects. The Group will also proactively seek opportunities to expand our customer base and market share and undertake more wet trades projects which will enhance value to our shareholders and stakeholders.

The Board believes the Group's business strategy and industry expertise could generate and contribute greater value to its shareholders and investors.

### Outlook

The Shares were listed on GEM on 29 September 2017 by way of share offer (the "**Share Offer**"). The Group always strives to improve our operating efficiency and profitability. The Group plans to expand our fleet of machinery and equipment, which will enhance the basis of our technical capability to bid for future projects. The Group will also proactively seek opportunities to expand our customer base and our market share and undertake more wet trades projects which will enhance value to our shareholders.

The net proceeds from the Share Offer provide financial resources to the Group to meet and achieve our business objectives and strategies which can strengthen the Group's market position in wet trades works services.

## **Financial review**

### ***Revenue***

For the three months ended 30 June 2019, the Group's revenue amounted to approximately HK\$59.1 million, which decreased by approximately 48.4% as compared to the same period in 2018. The decrease in revenue was primarily attributable to a decrease in contracting revenue due to (i) the delay in commencement of new projects being awarded to the Group; and (ii) substantial completion of the projects on hand in the third quarter of calendar year 2018.

### ***Gross profit margin***

Our gross profit decreased by approximately HK\$6.4 million or 58.7%, from approximately HK\$10.9 million for the three months ended 30 June 2018 to approximately HK\$4.5 million for the three months ended 30 June 2019. The decrease in the Group's gross profit was primarily due to the decrease in our revenue. The Group's gross profit margin decreased from approximately 9.5% for the three months ended 30 June 2018 to approximately 7.6% for the three months ended 30 June 2019, which was primarily due to the increase in overall construction cost and the intensified competition in the market for new projects.

### ***Other income and gain***

Other income and gain increased by approximately HK\$18,000 from approximately HK\$54,000 for the three months ended 30 June 2018 to approximately HK\$72,000 for the three months ended 30 June 2019. The increase was mainly due to the increase of bank interest income for the three months ended 30 June 2019.

### ***Administrative and other operating expenses***

Administrative and other operating expenses decreased by approximately HK\$0.6 million or 20.7% from approximately HK\$2.9 million for the three months ended 30 June 2018 to approximately HK\$2.3 million for the three months ended 30 June 2019. The decrease was mainly due to decrease in safety consulting fee.

### ***Profit for the period***

For the three months ended 30 June 2019, the Group recorded profit attributed to owners of the Company of approximately HK\$2.1 million as compared to profit for the three months ended 30 June 2018 of approximately HK\$6.9 million. The decrease was mainly attributable to the decrease in gross profit for the three months ended 30 June 2019.

### ***Dividend***

The Directors do not recommend the payment of a dividend for the three months ended 30 June 2019 (for the three months ended 30 June 2018: Nil).
